

FLORIDA STATE UNIVERSITY
OFFICE *of the* VICE PRESIDENT *for* RESEARCH

INFORMATION SHEET

You are being asked to voluntarily participate in a research study. We are doing this study to test social psychological theories about social perception. If you choose to participate, you will be asked to read about an everyday scenario and complete some brief measures and a brief drawing. We anticipate that the study should take no more than 10 minutes to complete.

This research is being funded by Dr. Jon Maner's department funds.

In order to avoid influencing your participation or our study results, we may not provide you with more specific information at this time. That is, at the outset, participants will not be told all information about the study. However, at the end of your participation in this study we will provide you with additional information.

If you agree to take part in this study, you will receive candy. Withdrawing from or discontinuing taking part in the study or any study activity will not reduce or preclude you from earning the candy.

We will securely store your information. Only members of the study team will have access to any identifiable information. We will collect, transmit, store and access electronic files in computer systems with password, encryption and other authentication protection. However, we cannot guarantee complete confidentiality.

If you have any questions, please contact **Harrison Miller (hmiller@psy.fsu.edu)** or Dr. Jon Maner (maner@psy.fsu.edu).

If you have any questions or concerns about your rights as a research participant, or questions or concerns regarding the study and would like to talk to someone other than the researcher(s), you are encouraged to contact the FSU Office for Human Subjects Protection (OHSP) at (850) 644-7900, by email at humansubjects@fsu.edu, or by mail at 2010 Levy Avenue, Research Foundation Building B, Suite 276, Tallahassee, FL 32306-2742.
